ON CERTAIN OF THE VICTIMS WHEN INSTEAD THEY ARE "MICROSCOPICALLY IDENTICAL."

THE ARTICLE APPARENTLY MAKES TWO ARGUMENTS - THAT THE WILLIAMS INVESTIGATION WAS MISHANDLED AND BECAUSE THE FBI REFUSED TO ALLOW TASK FORCE PARTICIPATION, THE FBI WAS SOLELY RESPONSIBLE.

IT IS THE OPINION OF SAC ATLANTA THAT EACH CRITICAL DECISION MADE BY SA PERSONNEL WAS PROPER IN VIEW OF THE FACTS KNOWN AT THE TIME OF THE DECISION. ALSO EVERY FACET OF THE BRIDGE SURVEILLANCES AND THE WILLIAMS' INVESTIGATION HAS BEEN MADE KNOWN TO AND IMPLEMENTED IN COORDINATION WITH THE ATLANTA TASK FORCE.

IT IS NOTED THAT HAD IT NOT BEEN FOR THE INSISTANCE OF FBI ATLANTA, THE BRIDGE SURVEILLANCE WOULD NOT HAVE BEEN INSTITUTED NOR CONTINUED IN A CREDIBLE FASHION. FURTHERMORE, HAD IT NOT BEEN FOR THE THOROUGH, AGGRESSIVE RESPONSE PROVIDED BY FBI ATLANTA, WILLIAMS' EXONERATORY STATEMENTS WOULD NOT HAVE BEEN PROVEN FALSE. FINALLY, ATLANTA FBI AND THE ATLANTA USA'S IMMEDIATE PURSUAL OF SEARCH WARRANTS AND COURT ORDERS RESULTED

IT IS ADDITIONALLY NOTED THAT NEW YORK TIMES ARTICLE APPEARS TO BE PURPOSEFUL "LEAK" TO DISCREDIT EVIDENCE COLLECTED BY FBI RELATIVE TO SUSPECT WILLIAMS AND JUSTIFY NON-PROSECUTION BASED ON FBI "BUNGLING" AND NOT PROSECUTIVE DISCRETION.

DETAILS: SAC John D. Glover, Atlanta Office, telephonically advised at approximately 3:15 a.m., 6/4/81, that suspect Wayne Bertram Williams was released from detainment. Williams was being questioned as to his reasons for being on a bridge above the Chattahoochee River during early morning hours of 5/22/81, after having reportedly dropped an object from the bridge. Two Assistant U. S. Attorneys, Northern District of Georgia, and Fulton County Prosecutor agreed they lack sufficient probable cause to arrest Williams and, therefore, offered him protective custody, which he refused.

A search of Williams's residence, car, and person was conducted on 6/3/81, and the results furnished to the Georgia State Crime Laboratory. The results of the evidence testing is not presently known.

*b7c* [REDACTED] Cater's body was found floating down Chattahoochee River on 5/25/81.

Atlanta Office will continue 24-hour physical and electronic surveillance of Williams until he is eliminated as a suspect.

BUD: DIRECTION

Following a meeting this morning with CID personnel more familiar with ATKID, the following is a status report concerning that investigation:

The room formerly occupied by Nathaniel Cater, the late ATKID victim, was processed for evidence this past weekend by local Federal technicians. Permission for the processing was given by Cater's roommate. Processing was begun and continues on the room formerly occupied by Michael McIntosh, an ATKID victim whose body was found 4/20/81. It is to be noted that the roommates of Cater and McIntosh both advised FBI Agents that they had seen Wayne Bertram Williams in the company of Cater and McIntosh. Concerning this relationship and its homosexual connotations, Atlanta today is attempting to locate a prominent transvestite in the Atlanta area for interview, noting that Williams is reported to be an associate of this individual.

An examination of a stain in Williams' stationwagon has determined that it is blood and is not older than 90 days. The GBI laboratory states that the stain contains both Type A and Type B blood. It is noted that William Barrett, whose body was found 5/12/81, and who had been stabbed subsequent to strangulation, had Type A blood. At the present time there is no information concerning what type blood Williams has.

Atlanta advises that 64 latent fingerprints were lifted from Williams' vehicle and are being examined in the FBI's Identification Division in an attempt to match them with any of the victims.

The Atlanta Division anticipates that a local search warrant will be issued today for examination of Williams' residence.

Atlanta Police Department and FBI are continuing a tight physical surveillance on Williams to be aware of his whereabouts at all times.

SAC Glover is optimistic that an arrest warrant will be obtained for Williams this week.

THE FOLLOWING IS A STATUS REPORT ON PROGRESS OF FBI LABORATORY TO IDENTIFY MANUFACTURER AND AMOUNT OF CARPET MANUFACTURED LIKE THE GREEN NYLON CARPET IN BEDROOM OF WAYNE WILLIAMS.

CONTACT WITH OFFICIALS OF WELLMAN, INC., BOSTON, MASSACHUSETTS, ON JUNE 18, 1981, RESULTED IN DETERMINATION THAT WELLMAN IS PRODUCER OF FIBER USED IN CARPET. WELLMAN OFFICIALS IN BOSTON AND AT THEIR PLANT IN JOHNSONVILLE, SOUTH CAROLINA WERE VERY COOPERATIVE AND CONDUCTED EXTENSIVE SEARCH OF THEIR

PROPERTY FOR EVIDENCE.

RECORDS TO LOCATE ALL PURCHASERS OF THIS TYPE OF FIBER DURING 1964 TO 1974, THE PERIOD THIS TYPE OF FIBER WAS BEING MANUFACTURED.

THIS SEARCH WAS COMPLETED MONDAY AFTERNOON, JUNE 22, 1981, AND RESULTS SENT BY EXPRESS MAIL TO FBI LABORATORY. FBI LABORATORY, ON RECEIPT OF THIS INFORMATION WILL SET FORTH LEADS TO CONTACT CUSTOMERS OF WELLMAN WHO COULD HAVE PRODUCED CARPET YARN LIKE YARN IN WILLIAMS' CARPET.

TELEPHONIC CONTACT WITH HENRY POSTON, DIRECTOR OF TECHNICAL SERVICES, WELLMAN, INC., BY SA [REDACTED] ON *b7c* JUNE 21, 1981 AND JUNE 22, 1981 DETERMINED THAT FBI WILL NEED TO CONTACT APPROXIMATELY 10 CUSTOMERS OF WELLMAN, WHO USED WELLMAN FIBERS TO MANUFACTURE CARPET YARN. FROM THESE CONTACTS IT SHOULD BE POSSIBLE TO DETERMINE THE CARPET MANUFACTURERS USING THIS TYPE OF CARPET YARN AND THEN DETERMINE THE SPECIFIC MANUFACTURER OF WILLIAMS' CARPET. IT SHOULD ALSO BE POSSIBLE TO DETERMINE THE AMOUNT OF GREEN CARPET OF THIS TYPE THAT WAS MANUFACTURED AND SOLD IN THE ATLANTA AREA.

CHIEF WEBSTER,

AS CHIEF OF THE F.B.I. I FELT IT WAS TIME TO CONTACT YOU AS A PATRIOTIC AMERICAN AND GOOD HUMAN-BEING WHO BELIEVES IN GOD I ASK THAT YOU PLEASE APPREHEND THE CRIMINALS WHO ARE KILLING THE CHILDREN IN ATLANTA. SIR, UNDERSTAND I'M NOT TELLING YOU HOW TO DO YOUR JOB. THE F.B.I. IS THE FINEST MOST TECHNOLOGICALLY ADVANCED GOVERNMENT-POLICE FORCE IN THE WORLD AND I CANNOT UNDERSTAND WHY NO SUSPECTS HAVE BEEN APPREHENDED OR FORMALLY CHARGED.

AFTER TALKING TO FRIENDS FRIDAY AFTERNOON & FOLLOWING THE CASES CLOSELY I'M GOING TO SUBMIT ONE VERY IMPORTANT CLUE THAT CAME TO MY MIND IMMEDIATELY. I THINK WE ARE WITNESSING A "PIED PIPER" OF ATLANTA. IT COULD BE AN ICE CREAM VENDOR, TEACHER ETC. SOMEONE WHO TALKS TO CHILDREN & HAS THEIR COMPLETE TRUST. PERHAPS A MINISTER, RICH OR POOR BLACK OR WHITE, IT MAKES NO DIFFERENCE. GET THEM & STOP THEM! PLEASE!

CHIEF WEBSTER, YOU'RE THE BEST & I KNOW YOUR JOB IS DIFFICULT. I WANT TO THANK YOU & THE ENTIRE F.B.I. FOR JOBS WELL DONE IN THE PAST AND I WILL BE THE FIRST TO PRAISE YOU WHEN THE CRIMINALS ARE BROUGHT TO JUSTICE. I'M JUST ONE YOUNG BLACK MAN WHO FELT IT WAS TIME TO EXPRESS MYSELF.

ALSO PLEASE PROTECT PRES. REAGAN & HIS FAMILY, V.P. BUSH, & HIS FAMILY AND YOURSELF. WE ARE ALL GOOD PEOPLE & WE MUST TRY HARDER & LET THE CRIMINALS EVERY WHERE KNOW "WE'RE ANGRY & TIRED OF SCUM KILLING CHILDREN & TRYING TO HARM THE PRESIDENT, LET US STOP THEM NOW."

DETAILS: Wayne Williams has been a subject in the Atkid investigation since 5/22/81, when agents and police officers on surveillance of the James - Jackson Bridge over the Chattahoochee River in Atlanta observed Williams on the bridge when a large object was thrown into the river. Two days later, on 5/24/81, the body of Nathaniel Cater was found in the Chattahoochee River, about two miles downstream from the bridge. Cater, whose body had been in the water several days, had been asphyxiated, according to the medical examiner.

SA [REDACTED] Atlanta's Investigative Coordinator for Atkid, requested additional VIA assistance in a 6/15/81 phone call to [REDACTED] VIA Group.

Atlanta feels that enough information has been developed on Williams to warrant VIA networking of facts about Williams, such as his whereabouts, his employment, his residences, his vehicle, his associates, etc., in relation to various factors regarding the victims.

A VIA network on Williams would clarify and organize the information Atlanta presently has and could possibly make the evidence implicating Williams more coherent.

SA [REDACTED] Personal Crimes Unit, concurs in the feasibility of this VIA application.

BUD:

At approximately 9 a.m., 6/10/81, SAC John Atlanta Division, and I discussed the status of potential local prosecution of Wayne Bertram Williams. The following points of interest were brought up by SAC Glover:

There was to be convened during the late afternoon of Tuesday, 6/9/81, a meeting at the State of Georgia Attorney General's Office with policy level representatives involved in the Williams aspect of the investigation being present. This meeting was not held because earlier in the day Phillip Peters, head of the Georgia Bureau of Investigation, had reviewed the evidence and information gathered concerning Williams and had concluded that an arrest of Williams has to occur based on the known information.

Another meeting was held Tuesday, 6/9/81, between Morris Redding, Deputy Director, Bureau of Police Services, Atlanta, and two assistant district attorneys to determine what additional documentation or evidence was needed before arrest warrants would be forthcoming concerning Williams. It was determined as a result of this meeting that a laboratory report documenting the findings concerning hairs and fibers is needed prior to arrest warrants being prepared for Williams. The definite impression is that once the laboratory reports are forthcoming, prosecutive action will immediately follow by the district attorney's office.

SAC Glover opined there appeared to be a change in attitude on the part of District Attorney Slayton and that two assistant district attorneys had now been assigned to the Williams aspect of the investigation and spent all day Tuesday, 6/9/81, both reviewing information and evidence obtained and discussing aspects of this phase of the investigation with representatives of the Bureau of Police Services.

## INFORMATIVE NOTE

Date 6/9/81

Re: ATKID

By attached teletype, the Atlanta Division advises that investigation regarding Wayne Bertram Williams has determined that blood found in the vehicle operated by Williams was determined to be human blood. It was further concluded that the results were consistent with the blood types of victims William Barrett and John Harold Porter. The residence of victim Nathaniel Cater was searched on 6/5/81 by FBI Lab personnel and various prints and other items of possible evidentiary value were sent to the FBI Lab for evaluation. FBI Lab personnel are currently searching and processing the residence of victim Michael McIntosh.

A fixed surveillance has been instituted at the residence of Wayne Bertram Williams. Intense media coverage is also present at Williams' residence.

District Attorney, Fulton County, Atlanta Police Department, and the Georgia Bureau of Investigation, on 6/8/81, decided that an arrest warrant or an additional search warrant for Williams' residence ~~is~~ <sup>are</sup> not feasible at this time.

The latent fingerprints are not fingerprints of Wayne Bertram Williams, FBI #847900P9. Eleven of these latent fingerprints are not fingerprints of victim Michael Cameron McIntosh, FDI #843967P10. The six remaining latent fingerprints, which are from the extreme side, tip and lower joint areas of fingers, were compared, insofar as possible, with the available fingerprints of McIntosh, but no identification was effected.

These latent fingerprints were compared with the unidentified latent fingerprints, which were obtained from the residence and car of Wayne Bertram Williams, but no identification was effected.

The disposition of the photographs will be furnished in a separate Laboratory report. The copies of finger and palm prints are being retained. The remaining specimens are enclosed.

The latent prints obtained from the residence are presently being compared with the available finger and palm prints of victims in this case and the result will be furnished separately.

This report supplements our LFPS report dated 6/9/81.

## INFORMATIVE NOTE

Date 5/27/81

Re: ATKID

By attached teletype, the Atlanta Division advises that on 5/22/81 a bridge surveillance team, including one SA, was in place at the James-Jackson Parkway and Chattahoochee River. At approximately 2:52 am, a loud splash was heard in the river under the bridge, and thereafter an automobile was observed on the bridge apparently immediately above where the sound of the splash originated.

A vehicle was thereafter observed slowly accelerating across the bridge, and after turning around in a parking lot, it was observed proceeding back across the bridge. A moving surveillance instituted by a police officer and the SA culminated when the vehicle was stopped after entering a major thoroughfare.

The driver of the vehicle, a 1970 white Chevrolet stationwagon, was identified as Wayne Bertram Williams. Williams advised that he was a talent scout and had a 6 am appointment in the area of the James-Jackson Parkway. He denied stopping on the bridge or discarding debris into the river. Williams consented to a search of his vehicle and was thereafter allowed to proceed for lack of probable cause to detain him any further.

On 5/22/81 and 5/23/81, the Chattahoochee River in the vicinity of the James-Jackson Bridge was dragged and the roadway thoroughly

searched. Additionally, on 5/22/81, Williams was interviewed at his residence where he resides with his parents.

On 5/24/81, the body of victim Nathaniel Cater was found approximately one-half mile downstream from the James-Jackson Bridge. On 5/26/81, Fulton County Medical Examiner advised that Cater died from asphyxiation.

Atlanta has determined that the reason provided by Williams for being at the James-Jackson Bridge on 5/22/81 is not credible. Williams is described as a Black male, DOB 5/27/58, 5'7", 155 lbs., with a previous arrest in Atlanta for impersonating a police officer with a blue light in an automobile.

Atlanta desires to institute a 24-hour surveillance of Williams effective 5/29/81 and is currently developing logistics, including request for additional SAs, Bureau vehicles and aircraft.

Result of examination:

Several cotton fibers and several synthetic fibers of various types and colors were removed from Q81 and mounted on glass microscope slides. These fibers are dissimilar to the Q29 through Q32 fibers previously furnished to the FBI Laboratory by the Georgia Bureau of Investigation Laboratory under cover of their letter dated March 23, 1981, and listed in the FBI Laboratory report in this case dated April 17, 1981.

The sources of these fibers from Q81 are unknown to the Laboratory.

A short hair of Negroid origin was also removed from Q81. This hair is of no value for body area determination or association with a particular person.

You will receive a separate report concerning the results of the fingerprint examinations and the disposition of Q81.

The glass microscope slides containing fibers removed from Q81 will be temporarily retained by the FBI Laboratory for possible future comparison purposes.

Results: Several cotton fibers and several synthetic fibers of various types and colors were removed from Q81 and mounted on glass microscope slides. These fibers are dissimilar to the Q29 through Q32 fibers previously furnished to the FBI Laboratory by the Georgia Bureau of Investigation Laboratory under cover of their letter dated March 23, 1981 and listed in the FBI Laboratory report in this case dated April 17, 1981.

The sources of these fibers from Q81 are unknown to the Laboratory.

A short hair of Negroid origin was also recovered from Q81. This hair is of no value for body area determination or association with a particular person.

You will receive a separate report concerning the results of the fingerprint examinations and the deposition of Q81.

The glass microscope slides containing fibers recovered from Q81 will be temporarily retained by the FBI Laboratory for possible future comparison purposes.
